

1. TRADE NAME **PEARLPURIN PP®**
2. MANUFACTURER / SUPPLIER

STS BIOTECH (WUXI) CO LTD
 N°18 XIAGUANG ROAD
 GUZHU INDUSTRIAL ZONE, MASHAN
 21409 WUXI CHINA
 Tel : 0086 (5010) 85992505
 Mail : sts-biotec-china@163.com

VERFILCOS
 122 CHEMIN DE LA CAVEE
 78630 ORGEVAL
 Tel : +33 (0)1 48 73 80 76
 Mail : adv@verfilcos.fr

3. ORIGIN

Biominerale (fresh water pearls) – Pearls produced by *Hyriopsis cumingii*

4. QUANTITATIVE COMPOSITION OF THE RAW MATERIAL

INCI NAME	%	N° CAS	N° EINECS/ELINCS*
PEARL POWDER	100	471-34-1	207-439-9
TOTAL	100		

5. CONCENTRATION OF OTHER INGREDIENTS

Preservatives: No
 Antioxidants: No
 Dyes: No
 Other residues: No
 Heavy metals: Pb < 0.5 ppm, As < 0.5 ppm, Hg < 0.1 ppm

6. STORAGE CONDITIONS

➤ Raw material packaging :

Nature of the packaging (paper, bags)	Plastics bucked with inlines
Available size	1 kg - 5 kg

➤ Specific storage condition of the raw material :

	YES	NO
Store at 4 ° C	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Store protected from light exposure	<input checked="" type="checkbox"/>	<input type="checkbox"/>

7. SHELF LIFE (in the original closed package)

24 MONTHS

8. COMPLIANCE OF THE RAW MATERIAL WITH COSMETIC LEGISLATION

Area	Allowed	Not Allowed	% max allowed
Europe	x		
Japan	x		
Asia/Pacific	x		
North America	x		
South America	x		
World	x		

9. INDUSTRIAL PROTECTION

Patent : NR 203-13-122.3 PEARLPURIN

10. CERTIFICATES

Herewith it is confirmed that the product mentioned above complies with the European Regulation (EC) n° 1223/2009 on cosmetic products.

Due to the nature of the raw material used and our manufacturing process, it can be stated that this raw material does not contain:

- CMR category 1A, 1B and 2 (Carcinogenic, Mutagenic, toxic for Reproduction)
- Substances listed in Annex II and III of this Regulation (allergens, phthalates, glycol ether, bisphenol A, dioxine,...)

GMO: According to Regulations (EC) N°1829/2003 and (EC) N°1830/2003, neither the source species nor the finished product are genetically modified, so there is no obligation of GMO labeling.

SVHC (Substances of Very High Concern): We inform you that PEARLPURIN PP does not contain SVHC "Substances of Very High Concern" at concentration higher than 0,1%

NANO: PEARLPURIN PP is not a nanomaterial according to the European Regulation (EC) n°1223/2009 on cosmetic products.

VOC: not concerned

According to the European Regulation (EC) n°1223/2009 on cosmetic products, it can be stated that PEARLPURIN PP does not contain substances listed in annex II and III (allergens, phthalates, bisphenol A, dioxine,...).

Potential traces of prohibited substances are technically unavoidable in good manufacturing practices according to Art. 17 and point (37) of this regulation.

The manufacturer did not carry out any animal testing on the Pearlpurin PP since 2000 to comply with the cosmetic regulation.
